Professional Experience

Draftsman, Ontas Machinery

06/2020 – 2020

I work as a **Technical Draftsman** in a company that manufactures machinery and operates in the R&D sector. After working for 6 months, I quit my job to work in the software industry, which I wanted to do since my childhood.

Intern Draftsman, Tüpraş İzmir Refinery

2017 – 2018

Education

Associate degree / Computer Programming, Afyon Kocatepe University

2021 – 2023

I developed myself in the field of front end in the first period of 3-6 months of associate degree. In this process, I learned **HTML, CSS, JAVASCRIPT** and **REACT** and started to write projects. After a while I learned **C#, .net ,and SQL** database in the backend and developed myself in the backend area.

Associate Degree / Machine Drawing And Construction, Ege University

2018 – 2020

It was a great chance to study at one of the best universities in Turkey, such as Ege University. I had the opportunity to get to know and work closely with design tools such as Autocad, Solidworks, Photoshop, which are the basic tools of mechanical engineering and design.

High School / Machine Technology, Heydar Aliyev Vocational and Technical Anatolian High School

2014 – 2018
